# WELCOME TO THE 2019 NCCMP ANNUAL CONFERENCE

elcome to the 2019 NCCMP Annual Conference. We are pleased to again host this gathering at the Diplomat Beach Resort and hope that our excellent panels of experts, the opportunity to engage with your peers, and the activities available at this wonderful resort will provide you with a valuable and enriching conference experience.

The challenges facing the multiemployer community have never been greater, especially following the Senate and House Joint Select Committee's failure to formally recommend any legislation. The Board of Directors of the NCCMP and the NCCMP staff continue to actively engage with legislative and executive branch policymakers, business leaders, unions, employers, technical experts, and leading scholars in an effort to form solutions and solidify consensus.

The elephant in the room is to successfully restore solvency to the troubled plans. This is critical to their participants, employers, every other multiemployer plan, and ultimately, the U.S. taxpayer. Any failure to do so will devastate the retirement of these participants and lead to the collapse of the PBGC's multiemployer guarantee program. This will directly and indirectly negatively impact every other multiemployer plan. The U.S. Government and taxpayer will lose more than \$3 billion in tax revenue annually and see their safety net entitlement programs expand by at least \$14 billion annually.

Our challenge for "healthy" plans remains to provide plan sponsors with new, voluntary tools designed to fulfill promised benefits under the current defined benefit structure while attracting new employers to join these plans.

In May, the Board of the NCCMP adopted "Common Sense Principles for Multiemployer Pension Reform" that Congress should enact. These principles supported a liability removal program at the PBGC to deal with troubled plans, PBGC reforms that are affordable by plans, new

Re: Invitation to Address the 2019 National Coordinating Committee for Multiemployer Plans (NCCMP) Annual Conference

### Dear Kendra:

On behalf of Chairman Sean McGarvey and the Board of Directors of the NCCMP, it is my pleasure to extend to you this formal invitation to participate in our 2019 Annual Conference to be held September 21-25 at The Diplomat Beach Resort in Hollywood, FL. We anticipate that you would take part in a panel discussion among key Senate staff who are leading efforts on multiemployer pension reform in 2019. The panel discussion would take place on the morning of Monday, September 23<sup>rd</sup>.

As you know, the multiemployer defined benefit pension system is in crisis. While many multiemployer plans are in good financial health, a small portion of plans are deeply troubled and will become insolvent in the next few years. A few of these plans are systemically important, and their insolvencies will have a devastating impact on retirees, plan participants and sponsors, all levels of government, the U.S. economy, the PBGC, and the rest of the multiemployer system. As Congress works its way through consideration of the issues and potential solutions to stabilize and strengthen the multiemployer system and the PBGC, we would welcome your thoughts on the legislature's process and direction.

For your consideration, we would like to note that press is not invited to our event, although they are not expressly prohibited. That being said, in past years we have closed sessions to press, and we would be willing to do so again if it would facilitate your participation. We will also know in advance whether press plan to attend, as they must be registered conference attendees to be allowed into conference sessions, so we will be able to proactively control attendance during the sessions in which you participate. In addition, we would be happy to have any of your remarks be off the record.

The NCCMP is a nonprofit, non-partisan organization and the only national organization that advocates before Congress, the Administration, the regulatory agencies, and the Courts on behalf multiemployer retirement and health plans. Multiemployer pension plans have approximately \$600 billion in assets and support 10.4 million participants. Our healthcare plans support more than 20 million participants. Multiemployer plans are a joint collaboration between the job creating employers of America and labor.

Ms. Kendra Isaacson August 7, 2019 Page 2

We expect that approximately 400 pension trustees, plan administrators, and professional advisors will attend this year's conference. The conference covers a broad range of issues relating to multiemployer plans. Our program on Monday, September 23<sup>rd</sup> will be dedicated to pension issues. The program on Tuesday will be a mix of pension and health care issues, and the Wednesday program will focus the on legislative and regulatory issues facing the multiemployer community.

Your participation would make an invaluable contribution to our program. If you have any questions, or if I can be of assistance in any way, please do not hesitate to call me at 202-756-4679 or Mariah Becker at 202-756-4637.

Regards,

Michael D. Scott Executive Director
